Residents and Business Owners – City of Madison Electrical Customers
Madison, Nebraska

RE: Scheduled Temporary Power Outages

Dear Madison Residents and Business Owners:

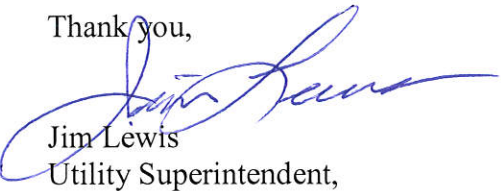

The City of Madison Utilities Department, along with Nebraska Public Power District and Elkhorn Rural Public Power District, would like to notify you of scheduled, temporary power outages that will take place in the City of Madison in the upcoming months, so work can be performed. The three entities have been working together in the construction of large power lines, and when complete will result in more reliability of service in case of natural disaster. Please see dates and **estimated time frame**.

- Sunday, March 4, 2018 – starting at approximately 12:00 p.m., estimated restoration to occur by 5:00 p.m. – Installation of Mobile Substation
- Sunday, March 11, 2018 – starting at approximately 12:00 p.m., estimated restoration to occur by 2:00 p.m. – Energize Mobile Substation
- Shorter outages will take place in April, and will be advertised when dates and times are known

We will make every effort to complete the work on the dates and times designated, however unforeseen weather conditions, could force us to reschedule the above dates and times. We will keep the community abreast of any changes that may occur.

We greatly appreciate your patience and cooperation. If you have questions or concerns, please contact City of Madison Utilities Department, at 402-454-3412.

Thank you,

Jim Lewis
Utility Superintendent,
City of Madison, Nebraska
